

# Amy Yee Tennis Center Strings, Grips and Accessories

## Strings\* (prices include string and labor):

### Wilson:

**Optimus** Playability of a multifilament (many soft strands) with co-polymer fibers (Durability of single strand) to help maintain tension; Ideal for 2.5 players and above **While Supplies last** **\$32**

**Luxilon 4G 125** Similar to Alu Power which is rigid and very durable, but takes it a step further by holding tension longer. Popular among tour players. Ideal for 3.5 players and above **While supplies last** **\$38**

### Gamma:

**TNT 16 & 17\*** gauge – a high performance string with controllable power, very good playability and durability. Pearl nylon coating gives it a crisp feel. Ideal for players 3.0 and above. \*High gauge is thinner **\$32**

**Moto:** This monofilament (Solid Core) has 7 shaped edges to allow massive spin potential for an affordable price. The string plays well at lower tensions as well. Ideal for 3.0 and above players. **\$32**

**Revelation:** This live wire is an engineered and activated string that is designed to be easy on the arm, although has great elasticity to create a mini trampoline effect and thus a little more power. Ideal for players 3.0 and above **\$32**

**Synthetic with Wearguard** 16 & 17 gauge – A good all-around string w/wear resistant coating for long life. Great for players of all levels. **\$25**

## AY

**AYTC Duo:** Gamma RZR RX 17.Live Wire 16 - A comfort oriented hybrid. RZR Rx gives it precision and spin while the Live Wire offers playability and comfort. Replacing our AYTC Ultimate Duo. Ideal for players 3.0 and above **\$38**

**iO soft 16:** A softer version of this poly string known for its control and comfort Replacing our Luxilon 4g Ideal for players 3.5 and above **\$32**

### Babolat:

**Origin:** Unknown ☺, but power and comfort is felt with the ability for impressive spin for a non-poly. Ideal for players 3.5 and above **\$42**

**Xcel:** Comfort, Touch and Feel are trademarks of this string Designed for players of all level that don't want to use Poly strings **\$38**

**RPM Blast:** Co poly string with a slick surface that gives it exceptional “snap Back”. Great for big hitters and players who use spin and want durability. A popular string of tour players. Ideal for players 3.5 and above **\$38**

**Pro Hurricane 16:** A slightly softer poly sting in the Babolat line. It is a good choice for control and spin at a lower Ideal for players 3.5 and above **\$32**

Labor **ONLY** (you provide your own string)

**\$18-\$20**

**Grips\*:**

**Replacement grip only**  
(with installation)
