Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

Federal highway safety laws require the state to have collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision

Alcohol-Related Collisions Aurora Ave N (Battery St Tunnel to N 145th St) 4/1/05 - 3/31/08

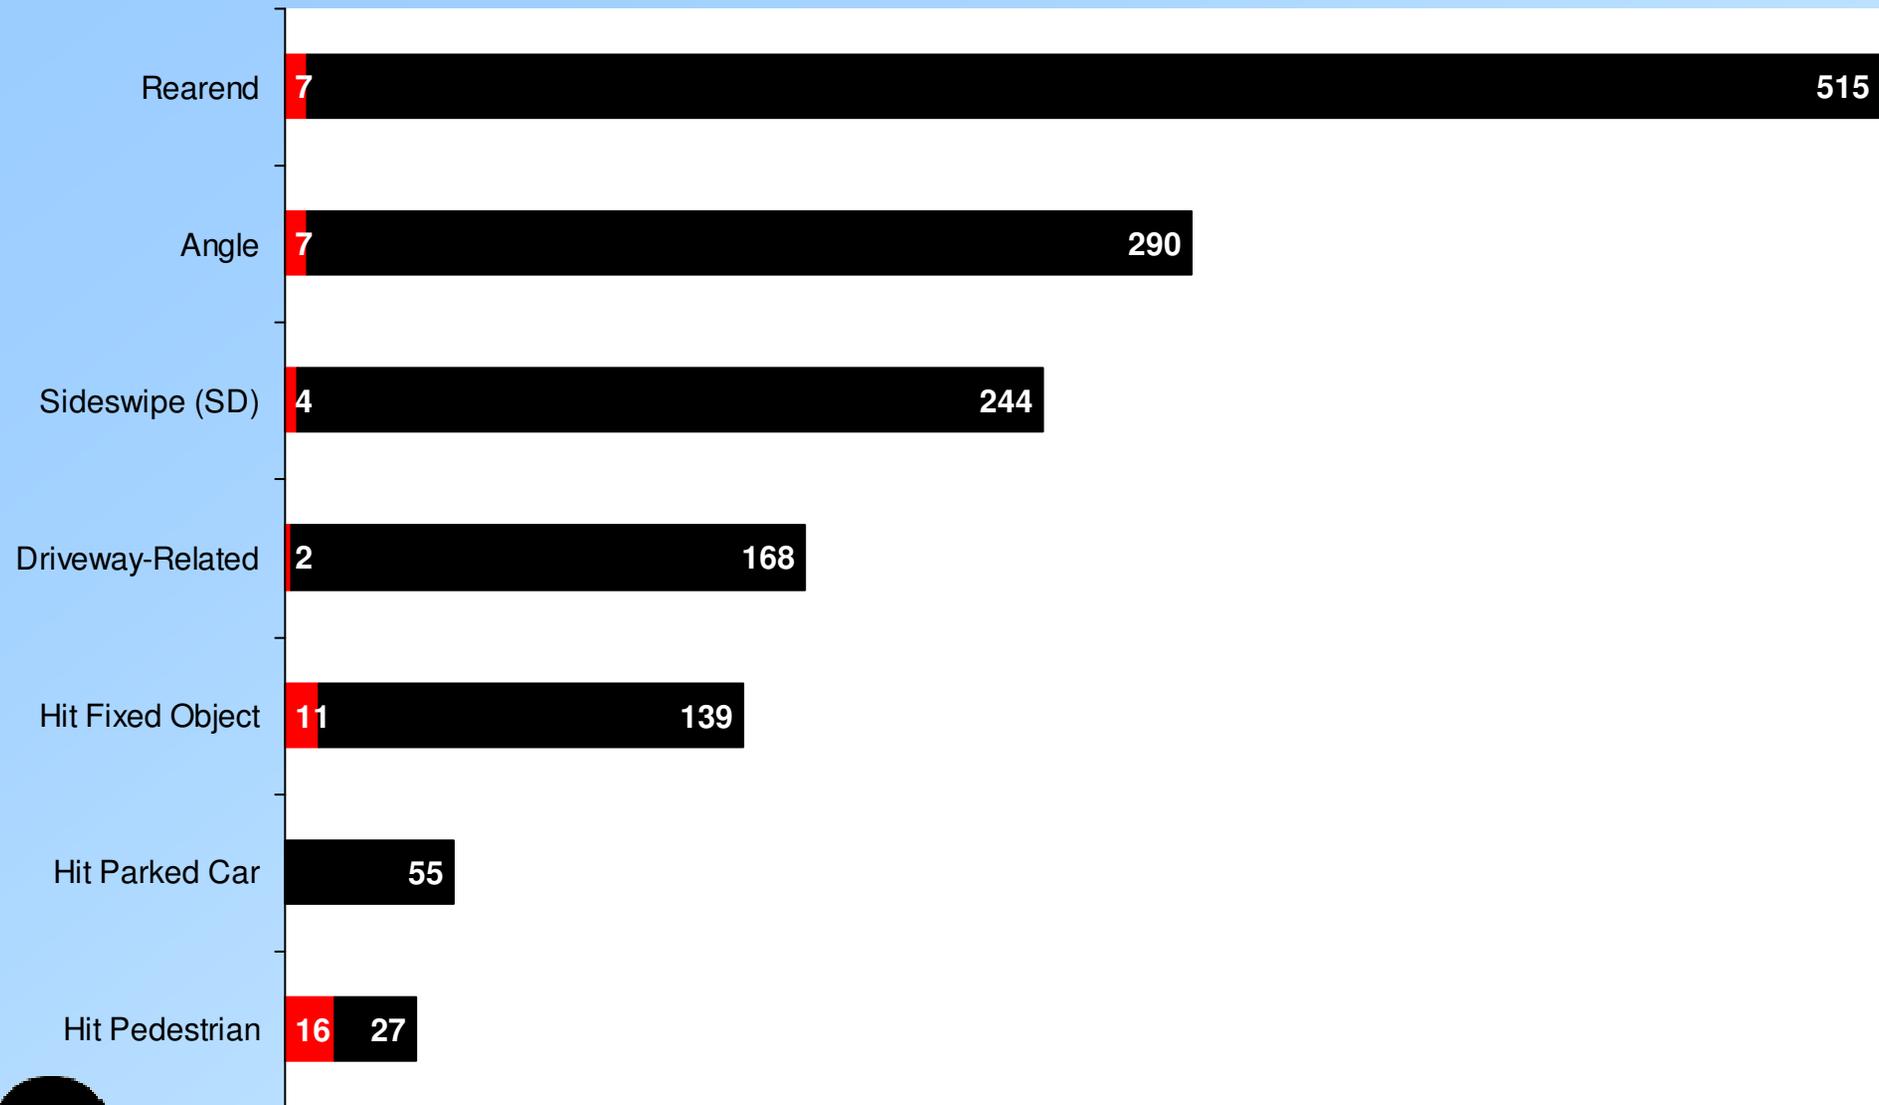

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

Leading Collision Types

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

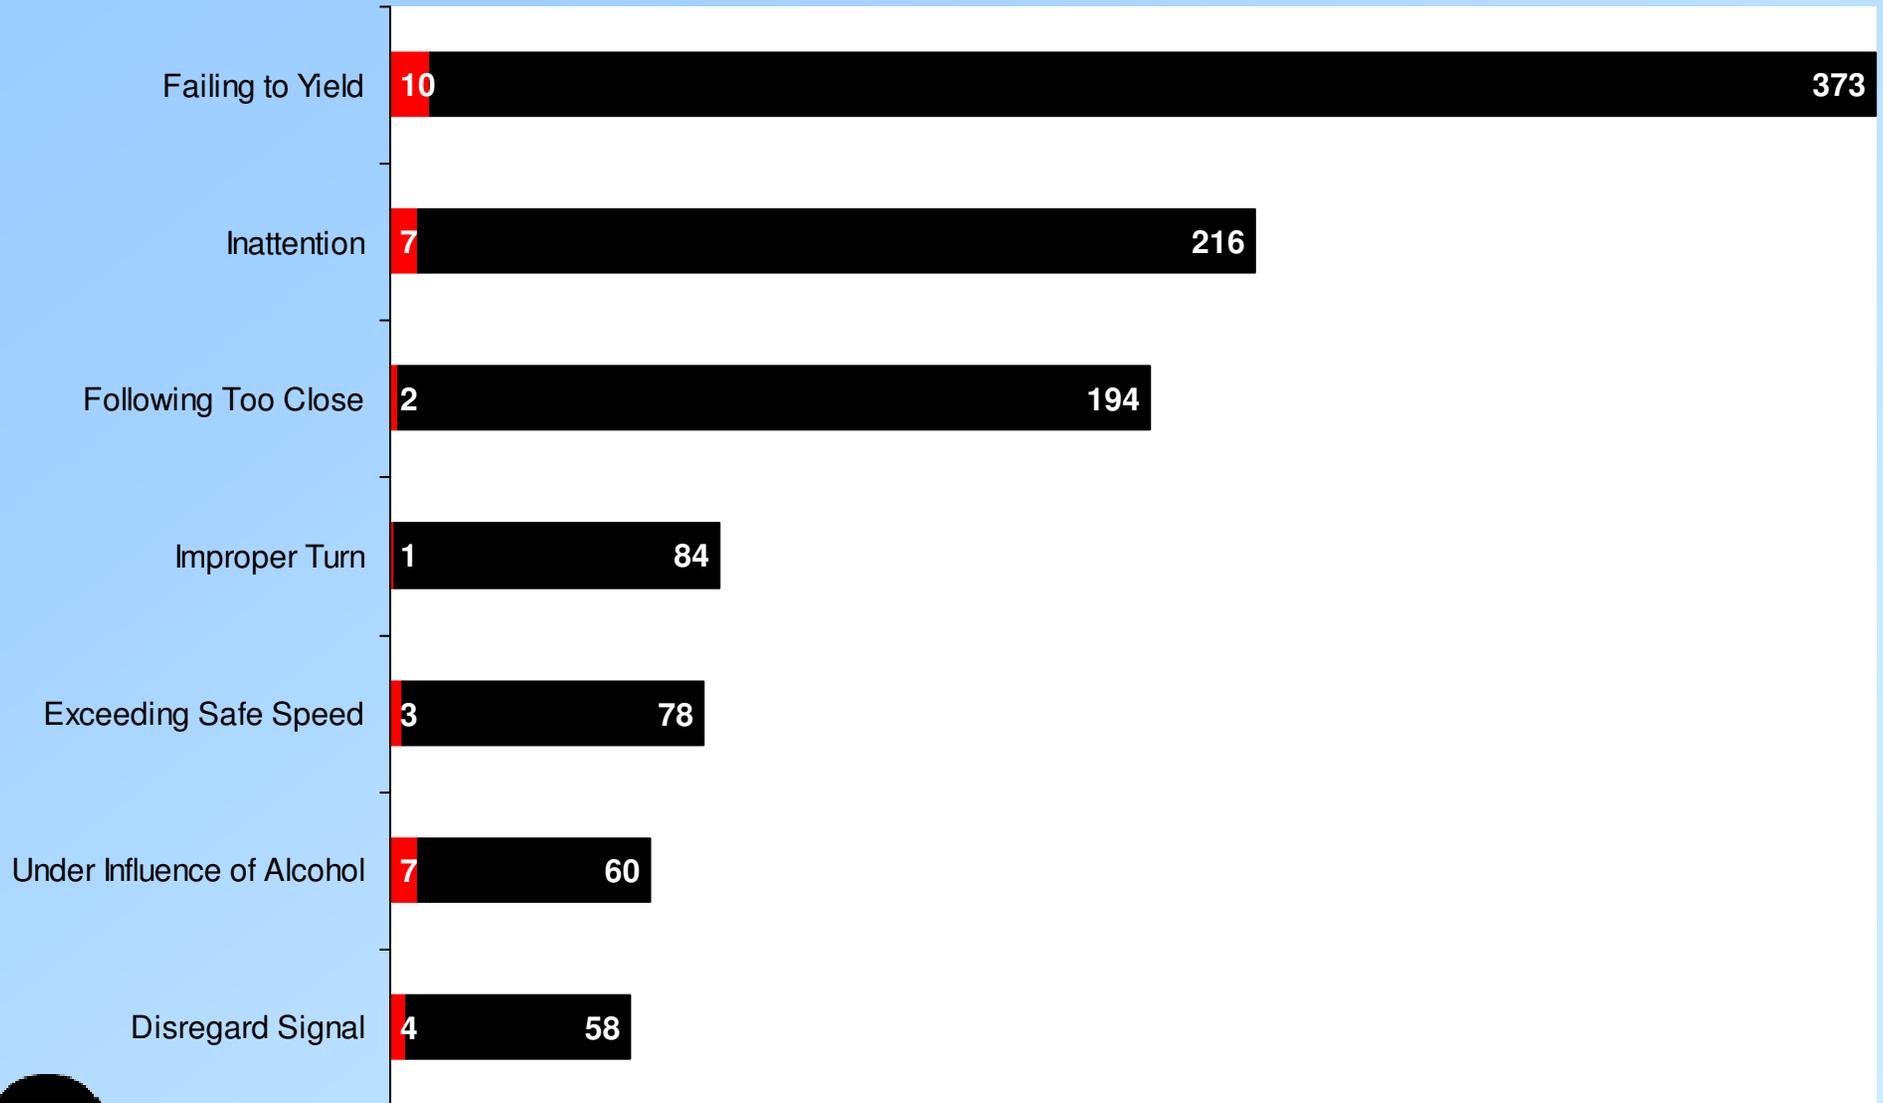

Leading Contributing Causes (# of Drivers)

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

Roadway Surface Conditions

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

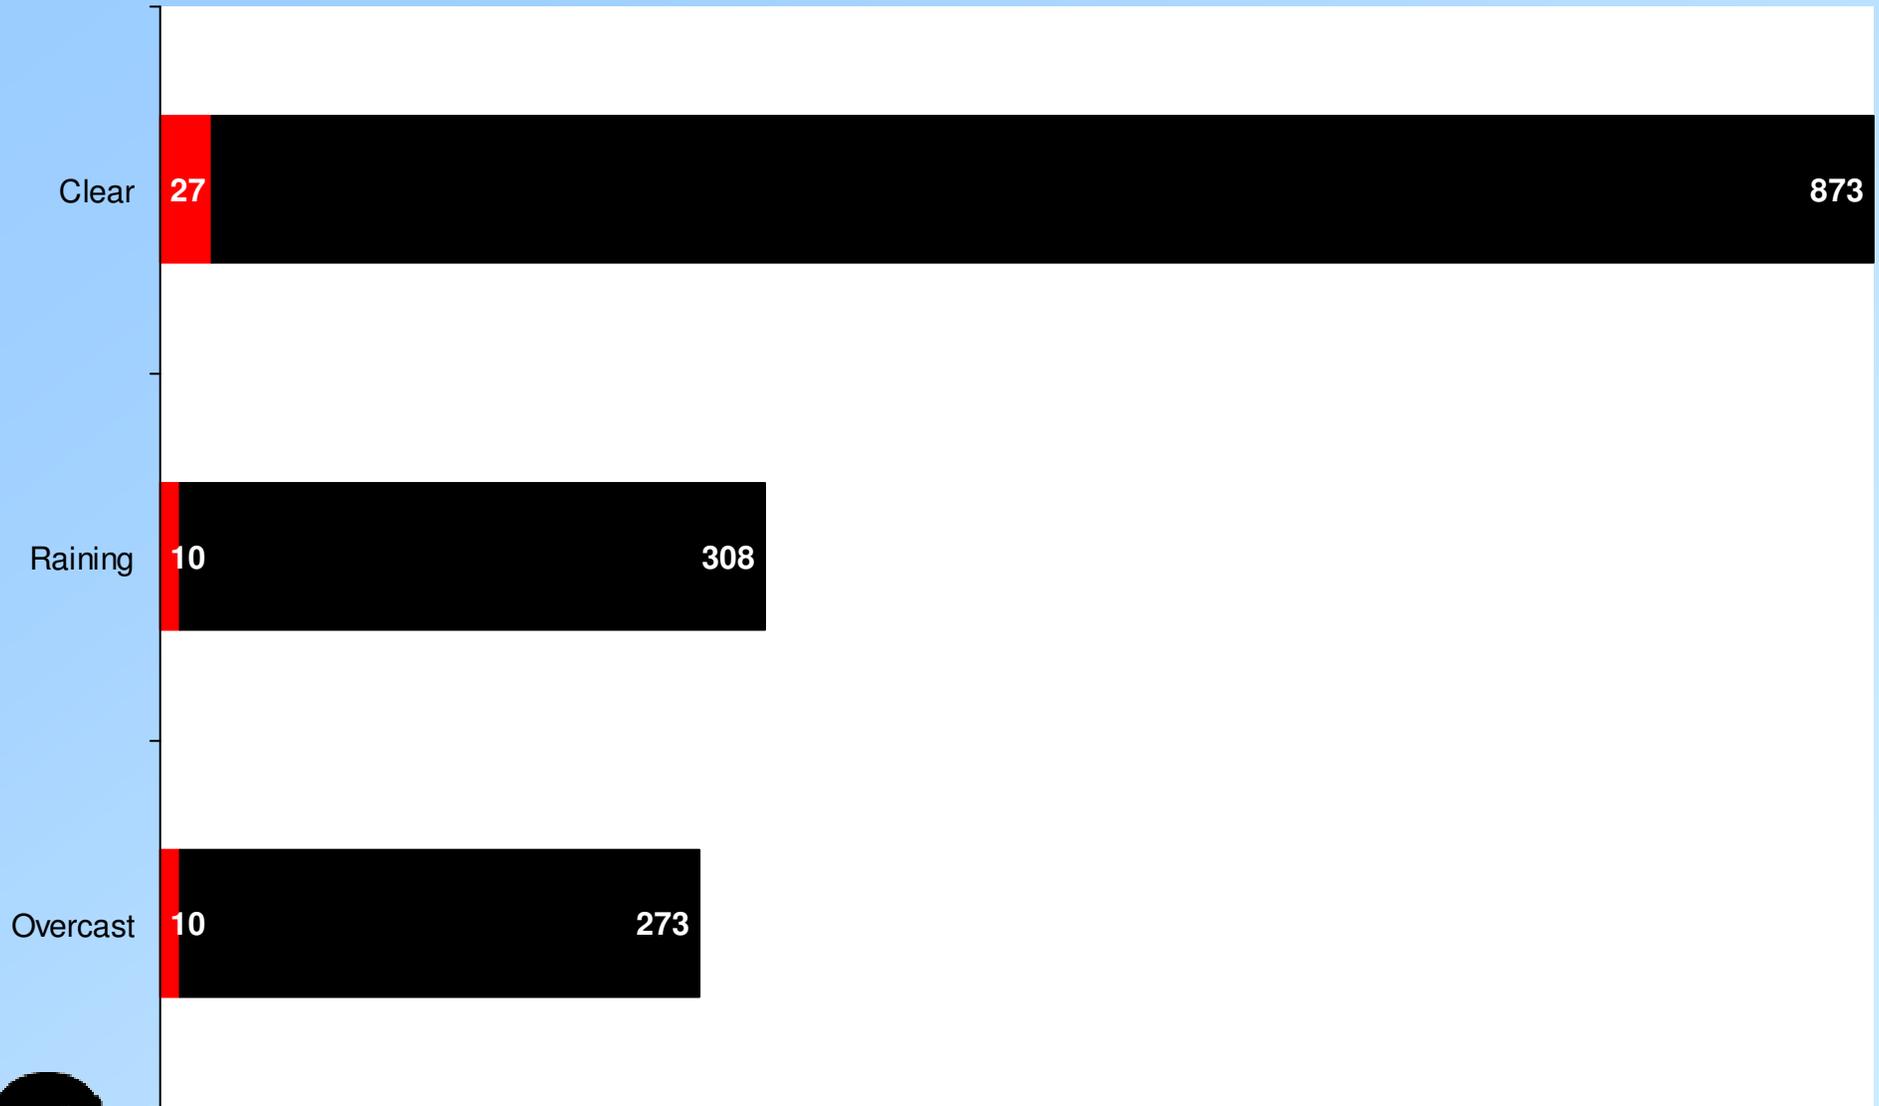

Weather Conditions

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

Light Conditions

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

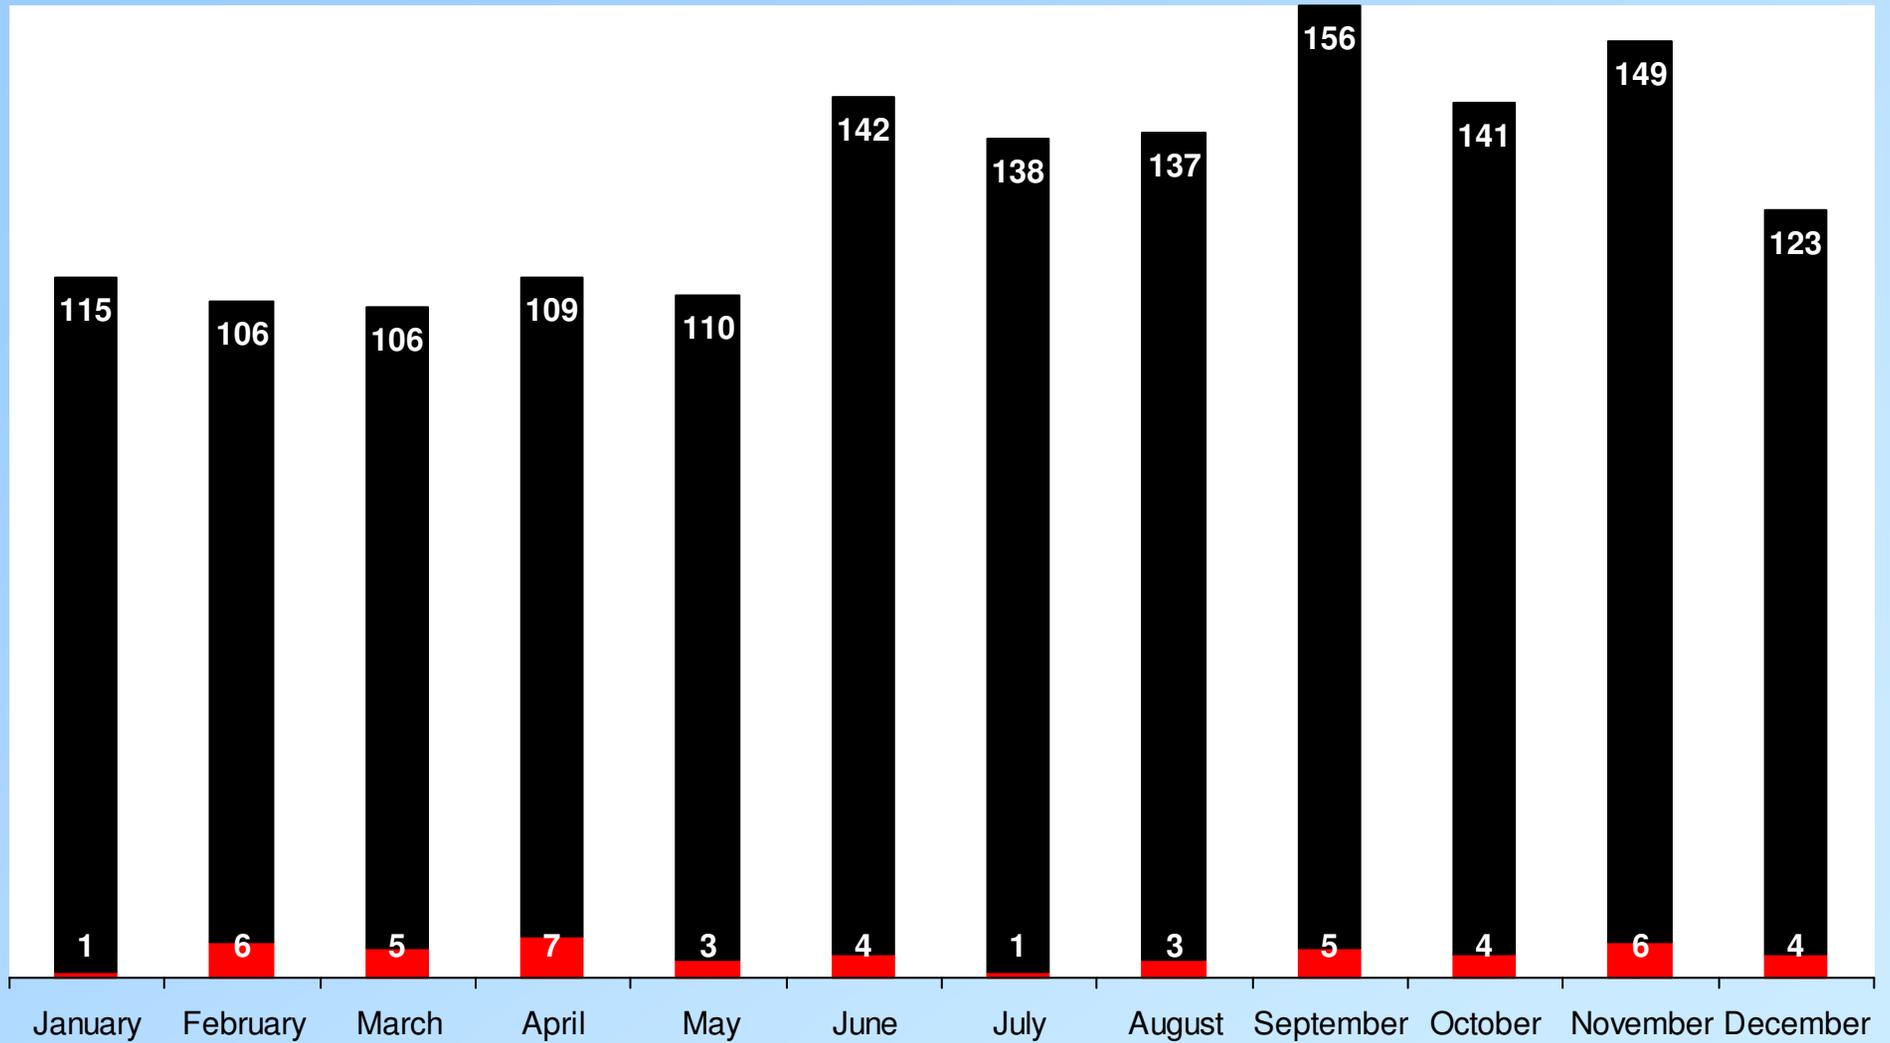

Collisions by Month

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

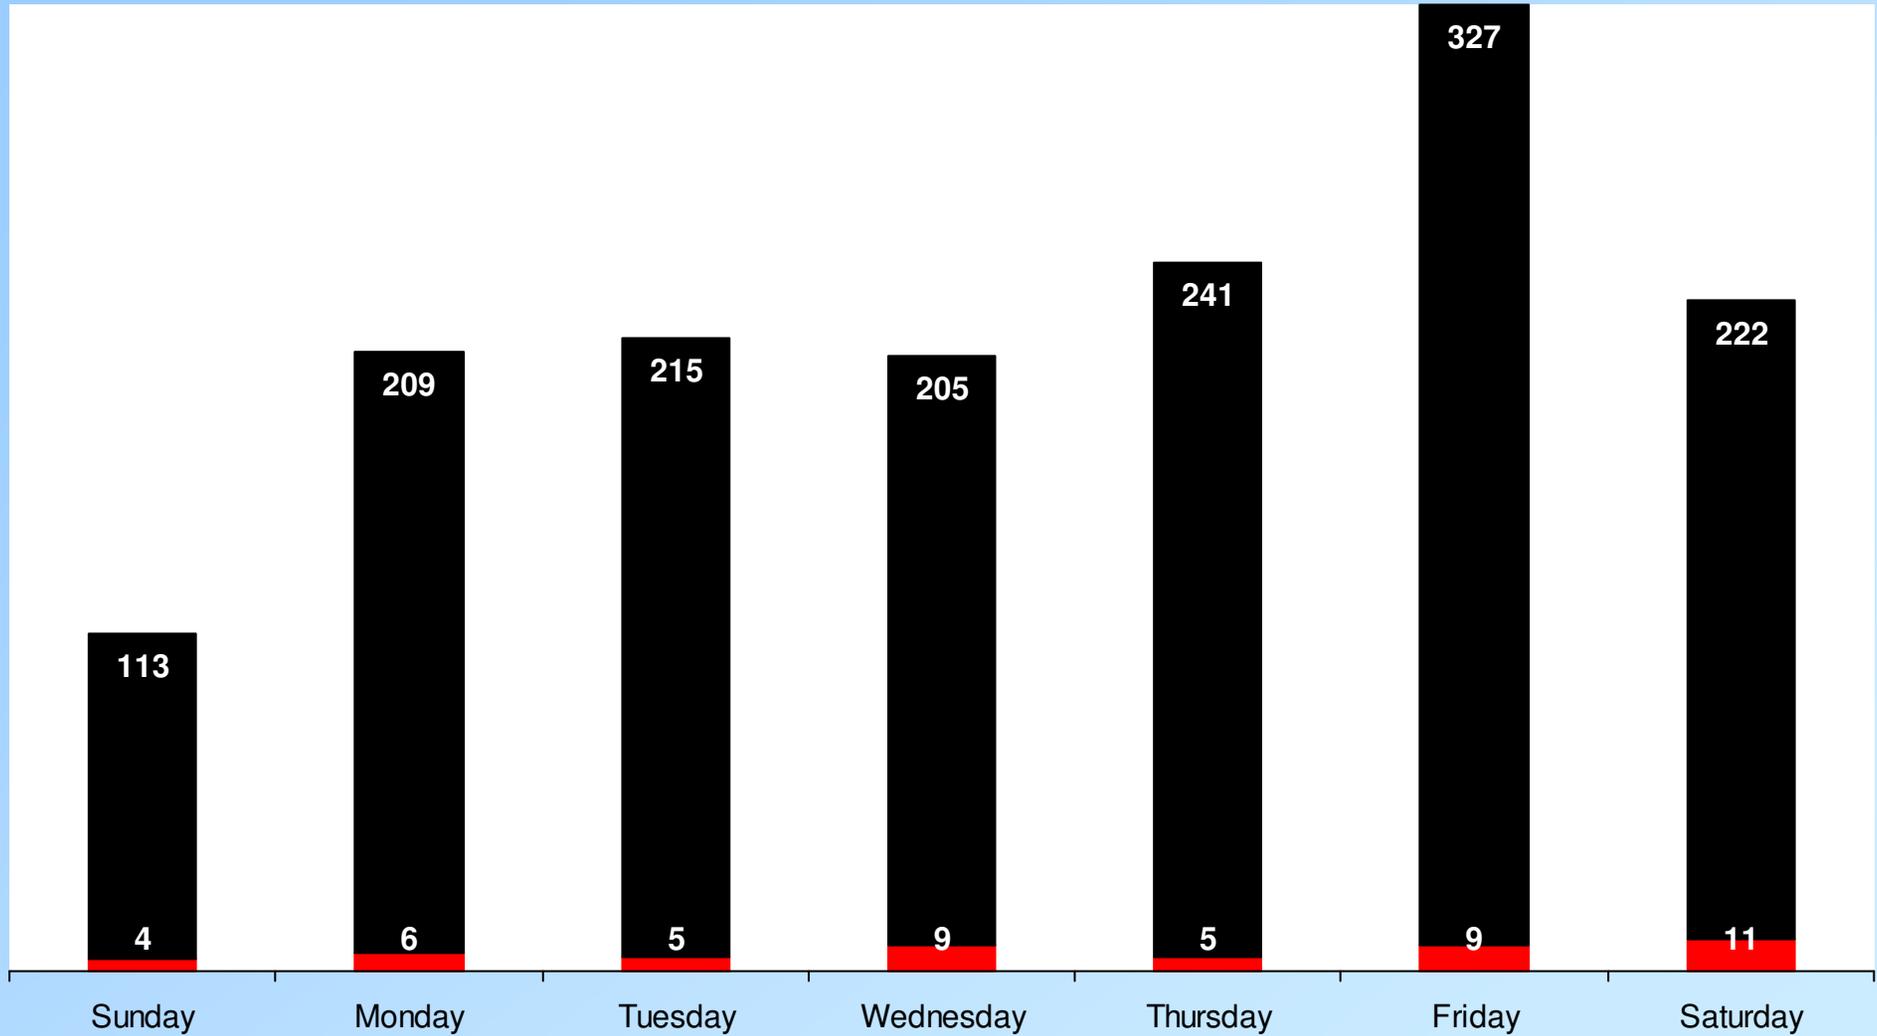

Collisions by Day of Week

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

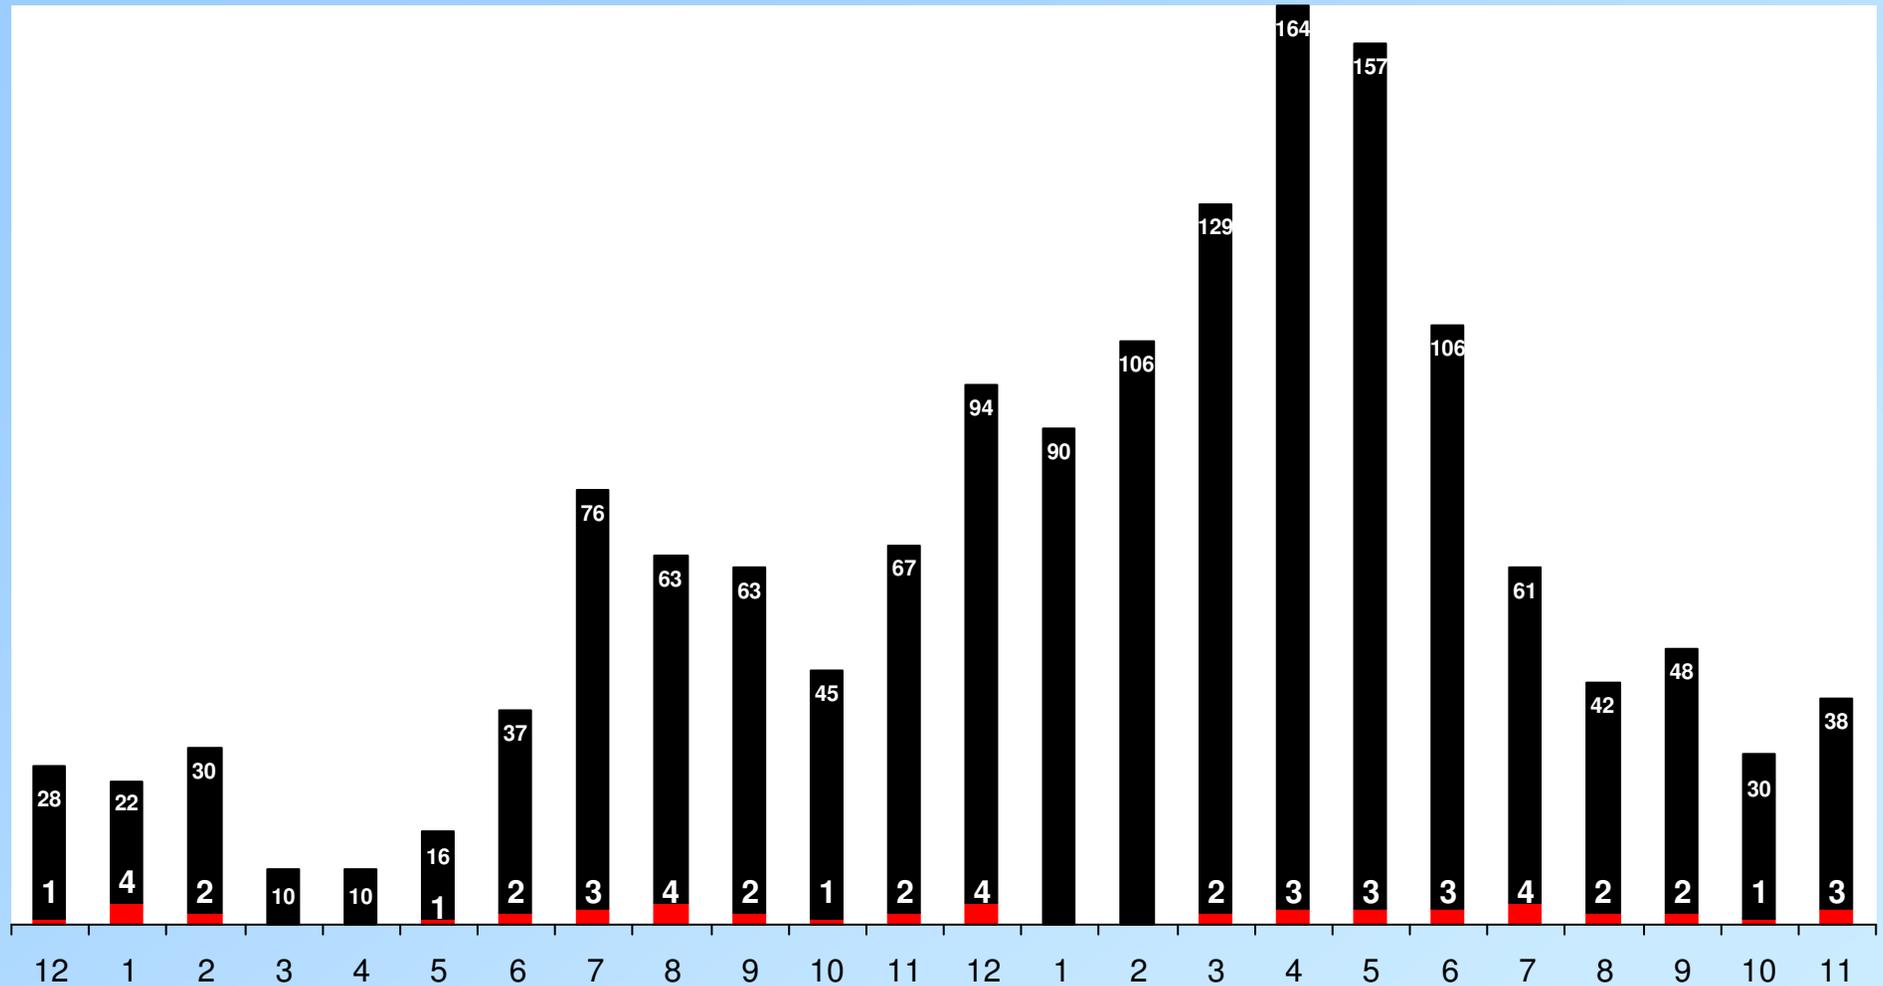

Collisions by Hour of Day

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

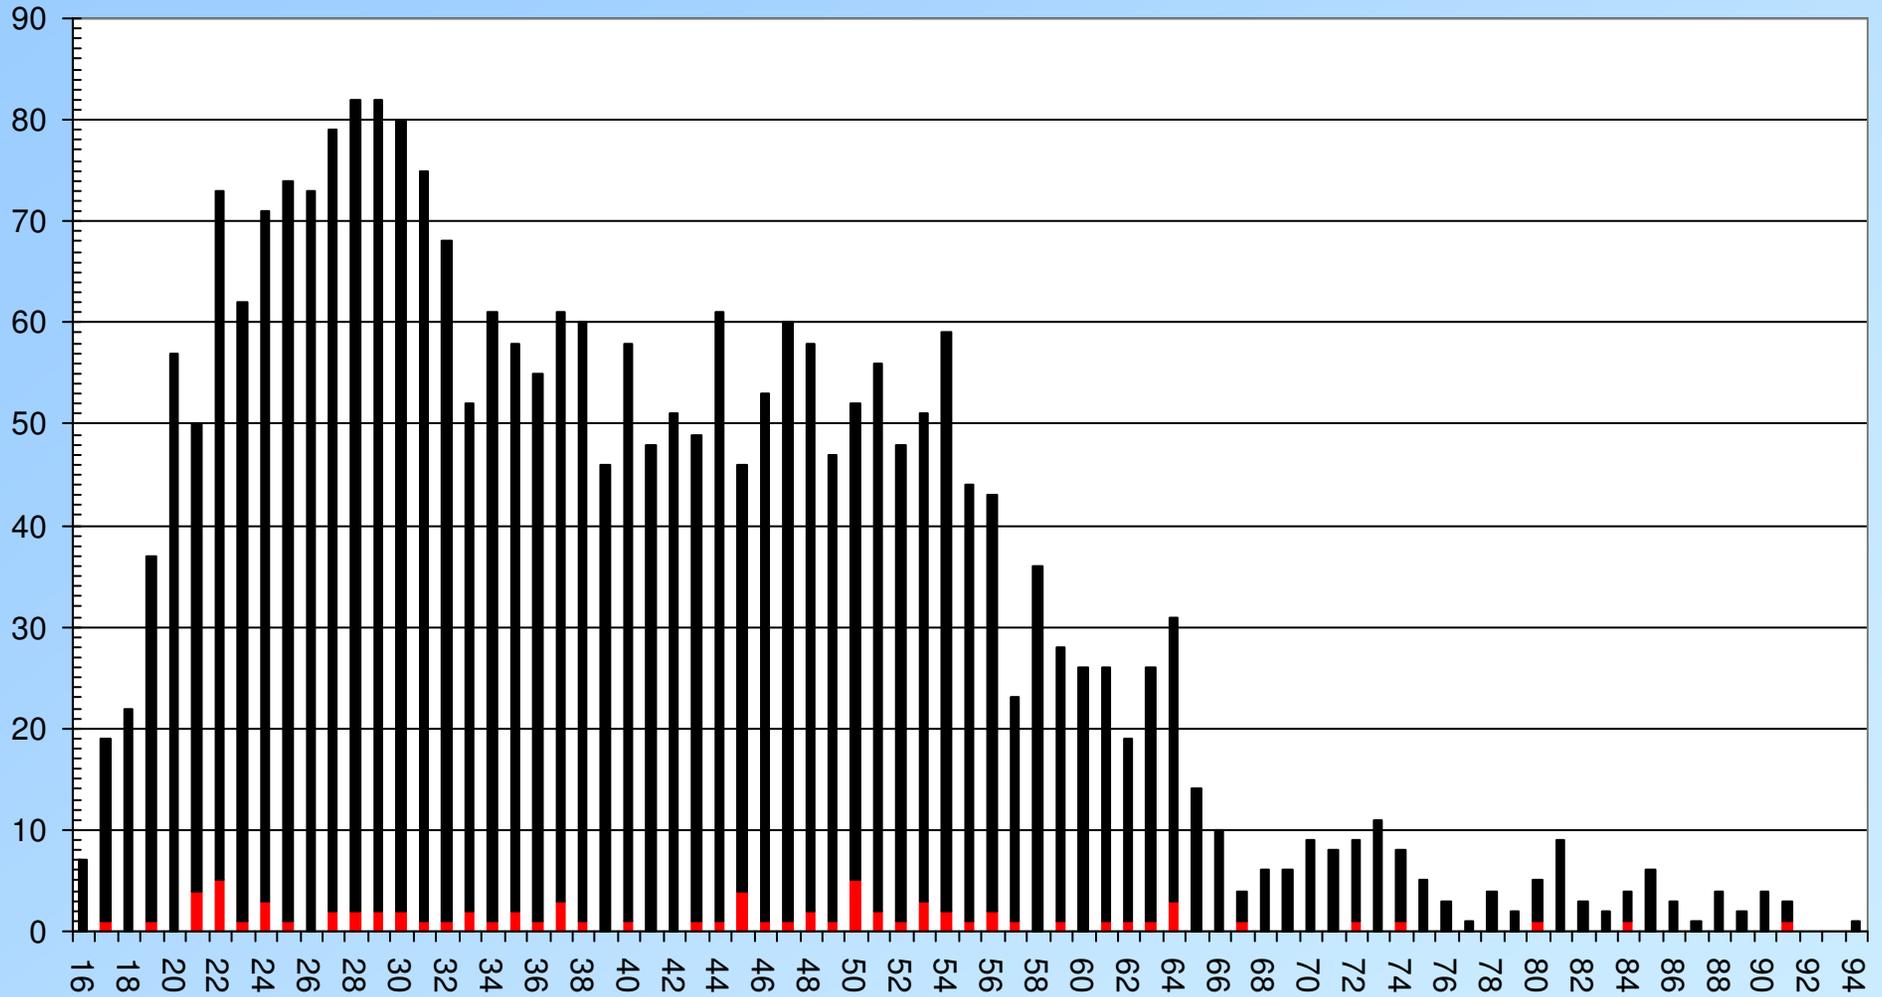

Age of Drivers

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

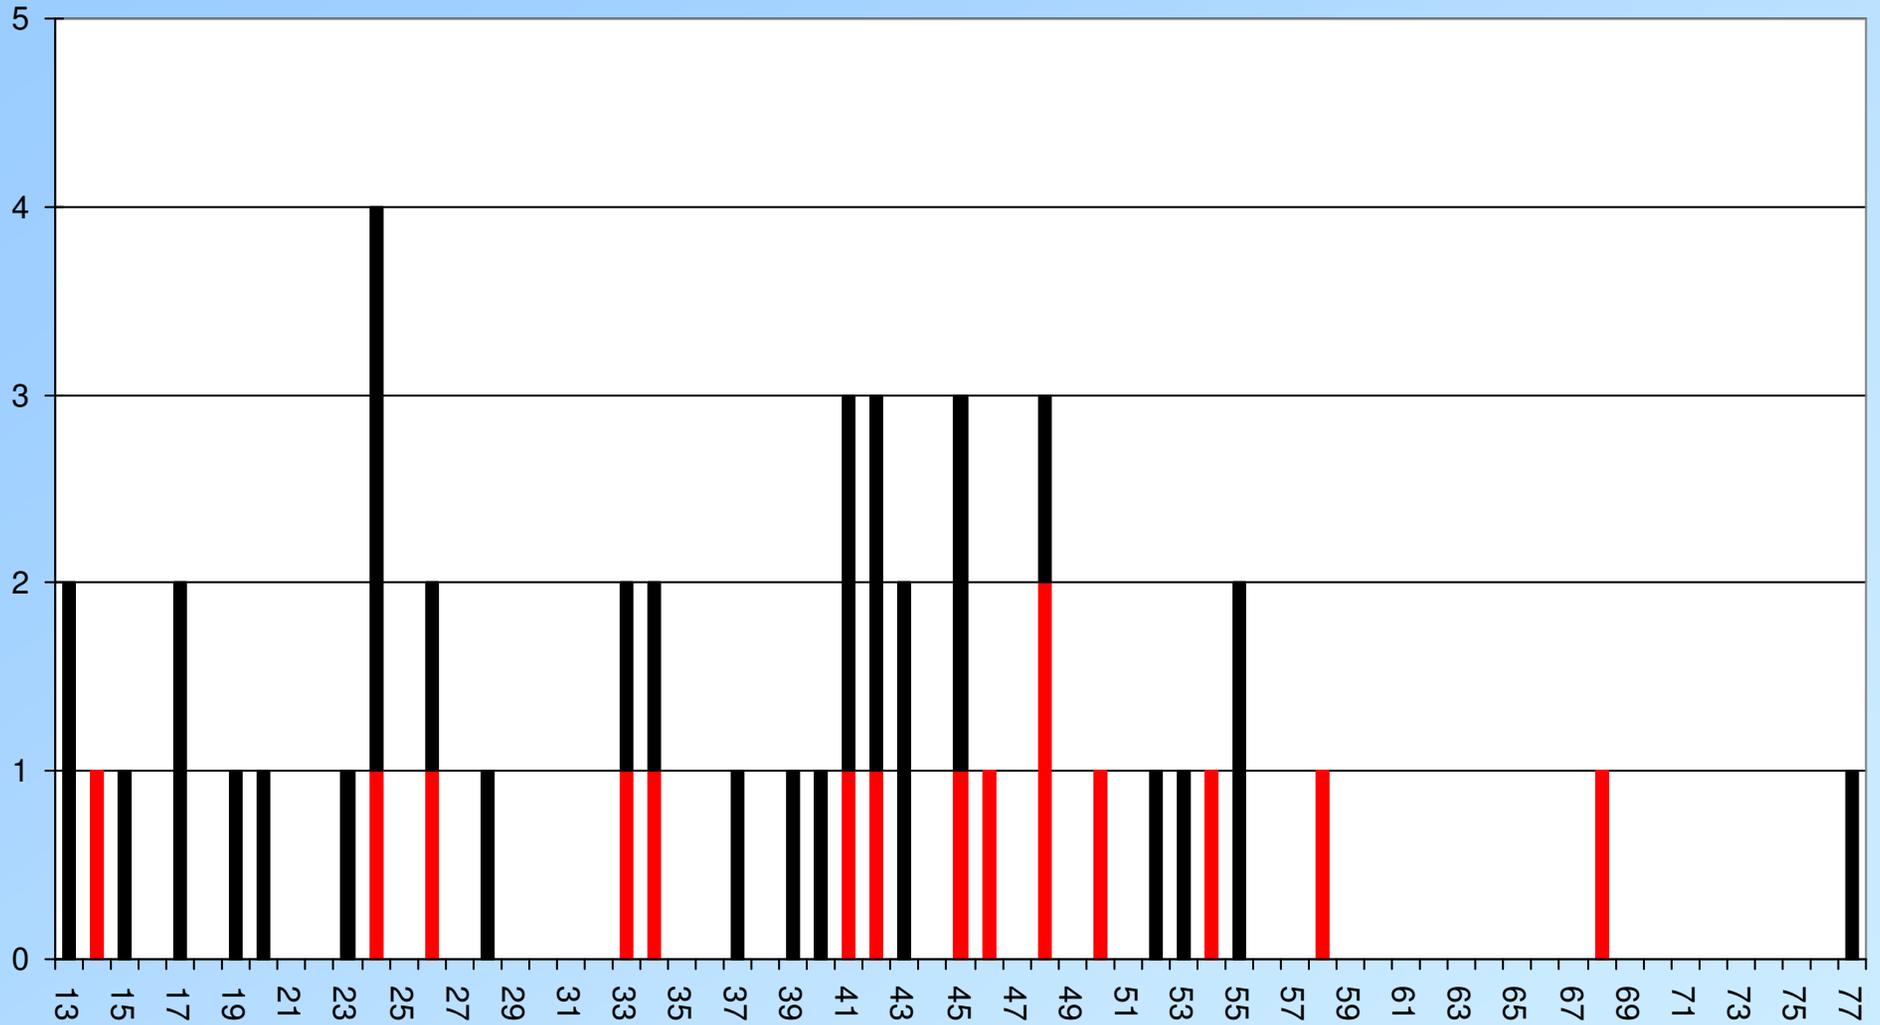

Age of Pedestrians/Cyclists

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

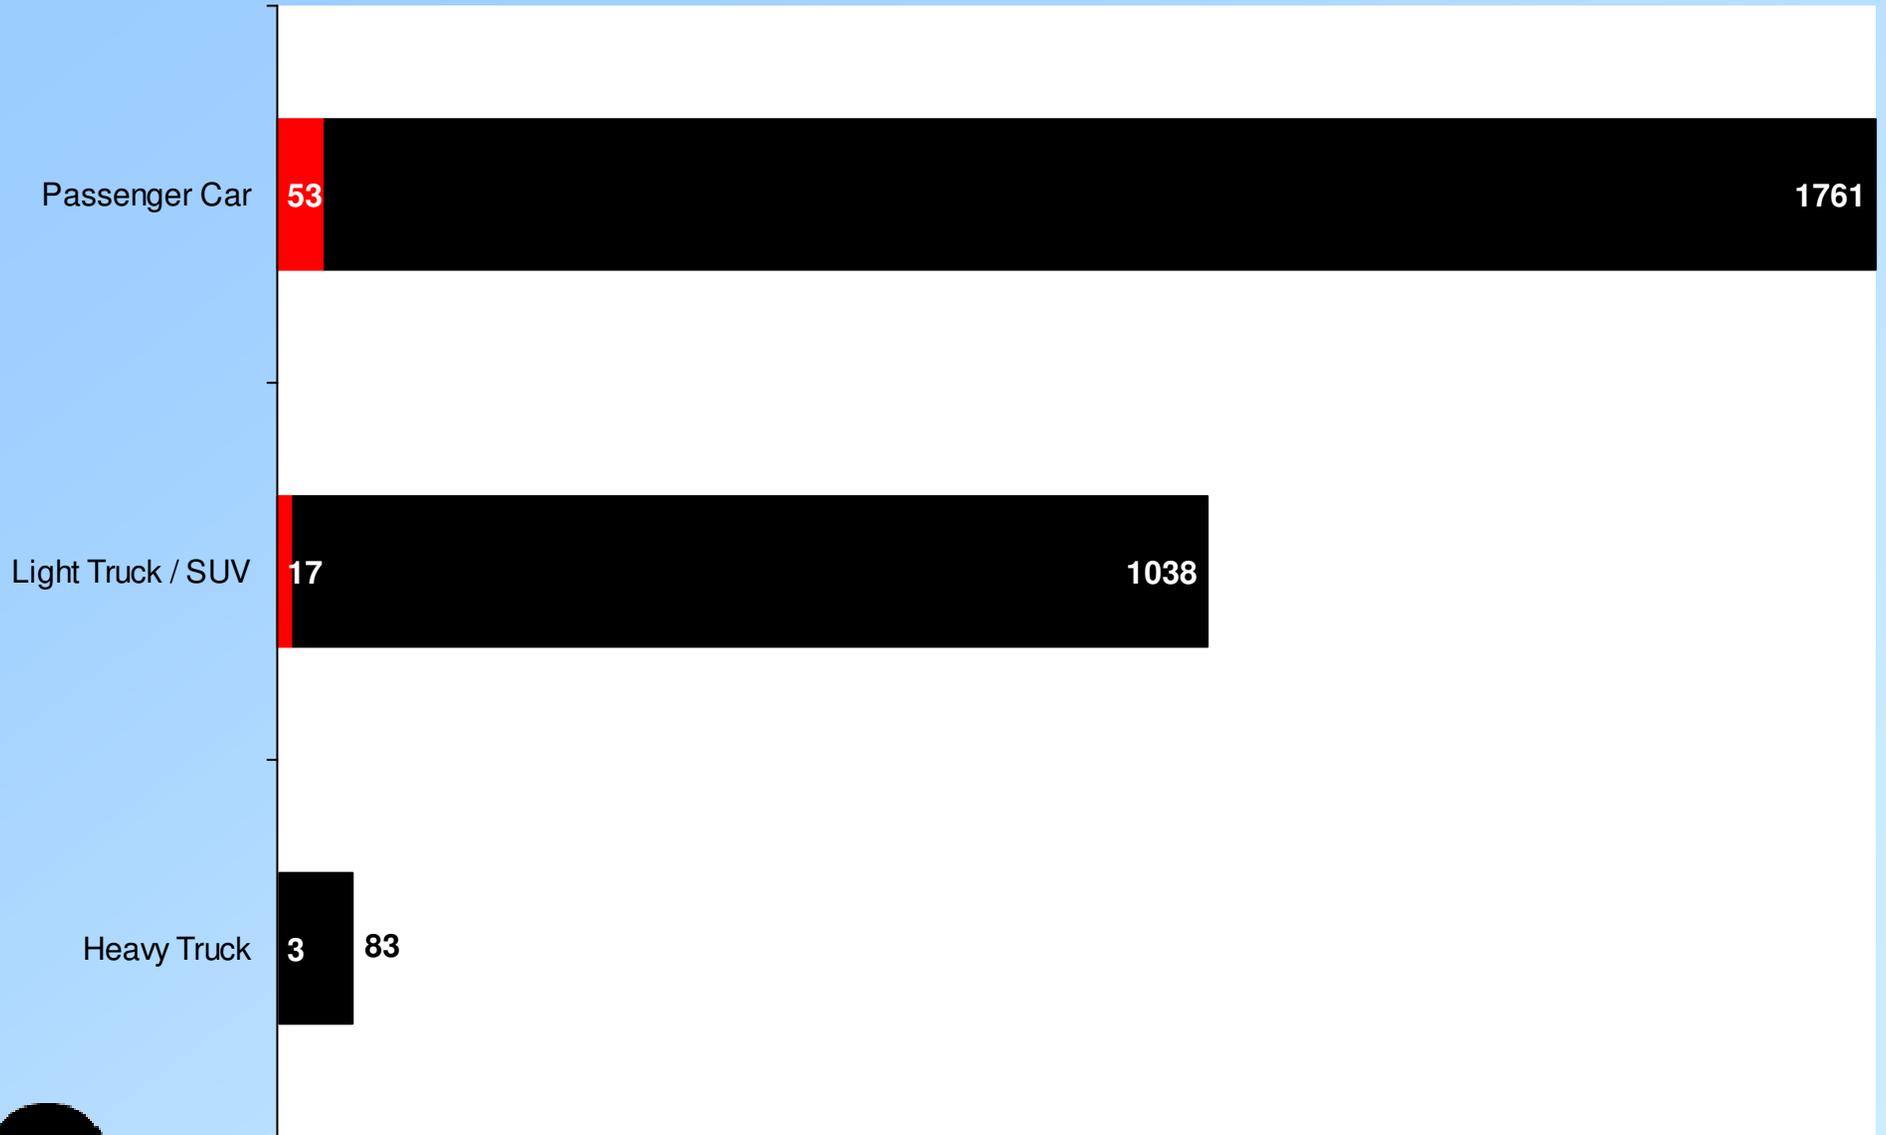

Type of Vehicle

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

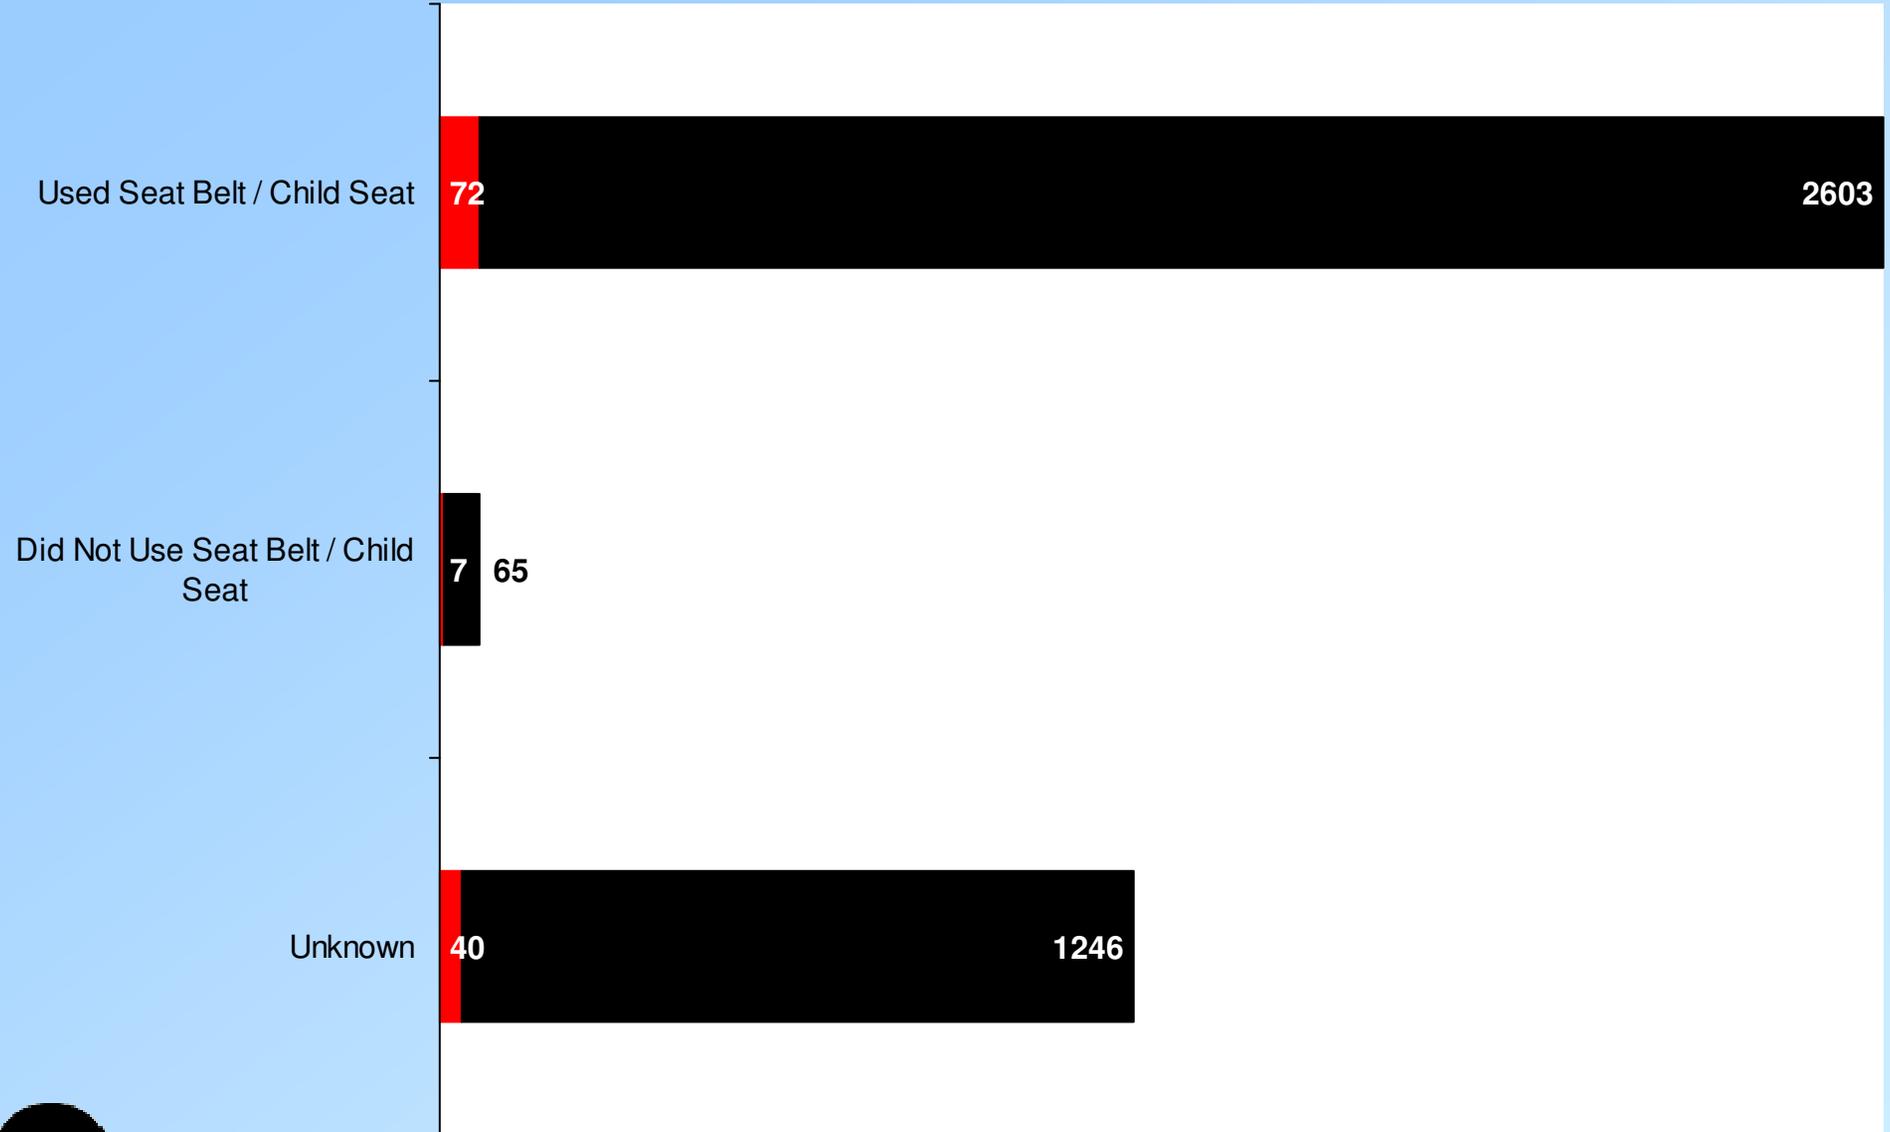

Use of Seat Belt / Child Seat (# of Occupants)

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

Type of Object Struck (in Hit Fixed Object Collisions)

SR 99 Milepost 32.44 to 40.48

4/1/05 to 3/31/08

Federal highway safety laws require the state to have this collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited from use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision data.

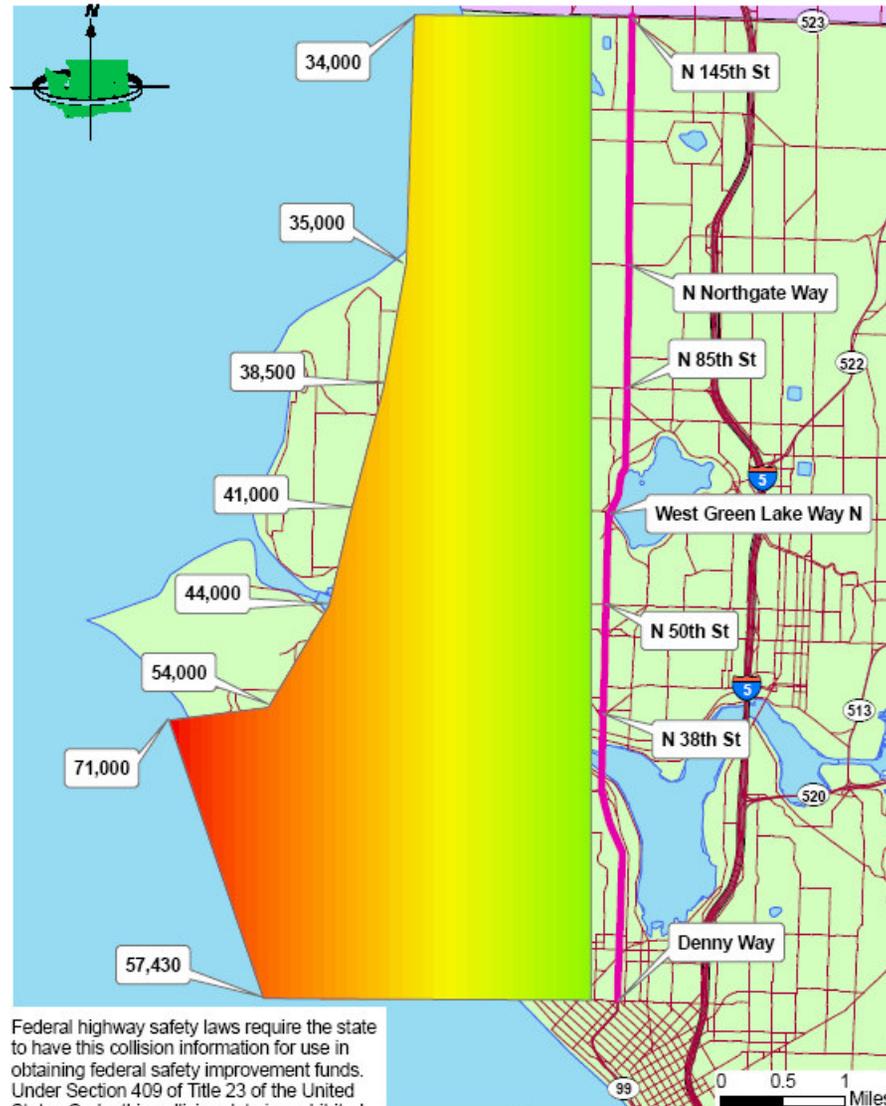

Federal highway safety laws require the state to have collision information for use in obtaining federal safety improvement funds. Under Section 409 of Title 23 of the United States Code, this collision data is prohibited for use in any litigation against state, tribal or local government that involves the location(s) mentioned in the collision
